Success Mastermind

Bjorn Harris

TARGET INVESTMENT AREA	Sussex coast
CORE STRATEGY	<p>Converting commercial and residential properties into affordable and high quality housing for NHS and care workers.</p> <p>This strategy was born from a vision and goals set out with my wife on how we can give back to key professionals who have given their time and dedication to delivering care to our eldest son - who has a multiple acute disabilities</p>
INTERESTS	<p>Having left corporate in the last few months, and initially thinking I would take some time out, I realise I am a work-a-holic and love to deliver against goals and ambitions</p> <p>In my spare time, I cant think of anything more therapeutic then being with my children. Also enjoy playing the piano, love going to the gym</p>
